Skill Spotlight

Gymnastics is a complex sport, with a very subjective and ever changing set of rules. gymnAlstic uses AI to tell us what exactly we are looking at and provide more details about the gymnastics skills we watch.

Currently, gymnAlstic is at MVP, and our skill recognition model can recognize 10 different balance beam skills. More skills will be added gradually!

Apparatus: Floor

Difficulty Value:

First Performed: Jake Jarman - GBR -

2023
